About

e FUEL

EFUEL, established in 2019, is a leading manufacturer of EV chargers. We design and build advanced AC, DC & combo chargers that meet CCS2, GB/T, and Type 6 standards. With robust in-house R&D, manufacturing, we ensure quality, energy-efficient charging solutions for all.

DC CHARGER

DC 30kW-360kw

- **Output: 30–360kW, CCS-2, 200–1000VDC, up to 350A.**
- **Features: 10" Display, RFID, OCPP 1.6 (Upgradable), OTA, Smart Protections.**

DISPENSER

- **Up to 1200kW, 16 EVs (CCS-2/GB-T), 500A air/liquid-cooled, dynamic split.**
- **RFID, 7"/10" screens, IP55, smart & cloud-managed.**

BATTERY POWERED CHARGER

- **Off-grid EV Charger 30–180kW, LiFePO4, CCS-2/GB-T, IP54, OCPP.**
- **Smart, mobile, LED-safe, remote-ready, fast install, anywhere use.**

PORTABLE CHARGER

- **CCS2: 200-1000V (Upto - 40kW), Type-6: 30-120V, 100A, $\geq 93\%$ eff., PF ≥ 0.97 .**
- **IP50, CAN, -20°C to +65°C, smart protection, auto-recovery.**

AC CHARGER

AC COMMERCIAL

7.4kW - 22kW (Type-2)

- **Input/Output: 7.4kW (AC220V), 11/22kW (AC400V), 32A.**
- **RFID, OCPP 1.6, LAN/GSM/Wi-Fi, remote updates, IP55, smart protection.**

AC HOME / PORTABLE

- **Output: 7.4kW (1-Phase) or 11/22kW (3-Phase), Type-2.**
- **Features: Plug & Play, RFID.**
- **Safety: IP55, Multiple protection type.**

WHAT

WE DO

- **RESEARCH & DEVELOPMENT**
- **WHITE LABEL & CO-BRANDED SOLUTION**
- **POC & PRODUCT DEVELOPMENT**
- **CONTRACT MANUFACTURING**
- **I&C, O&M SERVICES**

SERVICE

OUR QUALITY

- Online Technical Support & On-Site Assistance.
- Expert Training & Detailed Documentation.
- Regular Updates & Recommended Spare Parts.
- Exclusive Web-Based Update feature.

Ensuring your chargers are always up and running is our top priority.

Our current numbers :

AC Charger - 1000+

DC Charger - 500+

”

Your EV deserves the best,
and we're plugged in to
deliver it.”
